SONATYPE EDUCATION

Nexus Lifecycle Installation Quick Start

A one-day session where a Sonatype product expert will help jump start and accelerate your new Nexus Lifecycle deployment by guiding your team through infrastructure sizing, installation, and basic server configuration. This complements the Nexus Lifecycle Workshop options.

Key Accomplishments:

» Learn infrastructure recommendations and guidance
» IQ Server installation
» Apply basic product configuration such as Networking, LDAP, SSL, and more
» Integrate IQ Server with supported build tooling

Recommended for:

Organizations seeking to accelerate the initial installation and configuration period of new deployments with the assistance of a Sonatype product expert.

Related Product:
