

SONATYPE EDUCATION

Nexus Repository Manager Installation Quick Start

A one-day session where a Sonatype product expert will help jump start and accelerate your new Nexus Repository Manager deployment by guiding your team through infrastructure sizing, installation, and basic server configuration. This complements the Nexus Repository Manager training options.

Key Accomplishments:

- » Learn infrastructure recommendations and guidance
- » Nexus Repository Manager installation
- » Apply basic product configuration such as Networking, LDAP, SSL, and more
- » Integrate Nexus Repository Manager with supported build tooling

Recommended for:

Organizations seeking to accelerate the initial installation and configuration period of new deployments with the assistance of a Sonatype product expert.
